#### Ordinance No. 14

An Ordinance granting Minnesota Energy Resources, a subsidiary of WEC Energy Group, a Wisconsin corporation, its successors and assigns, a natural gas franchise and the authority to construct, operate, maintain, and extend a natural gas distribution plant and system, and granting the right to use the streets, alleys, and other public places within the present or future corporate limits of the City of Rushford Village, Minnesota

Be it ordained by the City Council of the City of Rushford Village, Minnesota, as follows:

#### FRANCHISE GRANTED

The City of Rushford Village, Minnesota, (hereinafter referred to as "Grantor" or "City") hereby grants a non-exclusive franchise to Minnesota Energy Resources, a subsidiary of WEC Energy Group, a Wisconsin corporation, (hereinafter called "Grantee" or "Company"), its lessees, successors and assigns. Grantee is hereby granted the right, privilege, franchise, permission and authority to lay, construct, install, maintain, operate and extend in, along, over or across the present and future streets, alleys, avenues, bridges, public rights-of-way and public places as are now within the present or future limits of said Grantor, a natural gas distribution system and all facilities necessary for the purpose of supplying natural gas or processed gas for all purposes to the inhabitants of said Grantor and consumers in the vicinity thereof, and for the distribution of natural gas from or through said Grantor to points beyond the limits thereof. Such facilities shall include, but not be limited to, all mains, services, pipes, conduits and appliances necessary or convenient for transmitting, transporting, distributing and supplying natural gas for all purposes for which it may be used, and to do all other things necessary and proper in providing natural gas service to the inhabitants of Grantor and in carrying on such business.

#### TERM

The rights and privileges granted by this Ordinance shall remain in effect for a period of Twenty-five (25) years from the effective date of this Ordinance.

## **GOVERNING RULES AND REGULATIONS**

This Ordinance is granted subject to all conditions, limitations and immunities now provided for, or as hereafter amended, and applicable to the operations of a public utility, by State or Federal law. The rates to be charged by Grantee for service within the present or future corporate limits of Grantor and the rules and regulations regarding the character, quality and standards of service to be furnished by Grantee shall be under the jurisdiction and control of such regulatory body or bodies as may, from time to time, be vested by law with authority and jurisdiction over the rates, regulations and quality and standards of service to be supplied by Grantee. Provided however, should any judicial, regulatory or legislative body, having proper jurisdiction, take any action that precludes Grantee from recovering from its customers any cost associated with services provided hereunder, then Grantee and Grantor shall renegotiate the terms of this Ordinance in accordance with the action taken, so as to allow Grantee to be made whole economically. In determining the rights and duties of the Grantee, the terms of this franchise Ordinance shall take precedence over any conflicting terms or requirements contained in any other Ordinance enacted by the Grantor.

If an energy supplier is unable to furnish an adequate supply of energy due to an emergency, an order or decision of a public regulatory body, or other acts beyond the control of the Grantee, then the Grantee shall have the right and authority to adopt reasonable rules and regulations limiting, curtailing or allocating extensions of service or supply of energy to any customers or prospective customers, and withholding the supply of energy to new customers, provided that such rules and regulations shall be uniform as applied to each class of customers or prospective customers, and shall be non-discriminatory as between communities receiving service from the Grantee.

## **CONSTRUCTION AND MAINTENANCE OF COMPANY FACILITIES**

Gas Facilities may be located on Public Grounds as determined by the City. For purposes of this Agreement, the definition of **Public Ground** shall include: Land owned or otherwise controlled by the City for park, open space or similar public purpose, which is held for use in common by the public and not a Public Way.

Any pavements, sidewalks or curbing taken up and any and all excavations made shall be done in such a manner as to cause only such inconvenience to the inhabitants of Grantor and to the general public as is reasonably necessary; and repairs and replacements shall be made promptly by Grantee, leaving such properties in as good as condition as existed immediately prior to excavation.

Grantee agrees that for the term of this grant, it will use its best efforts to maintain facilities and equipment sufficient to meet the current and future energy requirements of Grantor, its inhabitants and industries. While maintaining its facilities and equipment, Grantee shall obtain permits as required by ordinance, except that in emergency situations, Grantee shall take immediate unilateral actions as it determines are necessary to protect the public health, safety, and welfare; in which case, Grantee shall notify Grantor as soon as reasonably possible.

Grantor will give Grantee reasonable notice of plans for street improvements where paving or resurfacing of a permanent nature is involved that affect Grantee's facilities. The notice shall

contain the nature and character of the improvements, the rights-of-way upon which the improvements are to be made, the extent of the improvements and the time when the Grantor will start the work, and, if more than one right-of-way is involved, the order in which this work is to proceed. The notice shall be given to the Grantee a sufficient length of time, considering seasonable working conditions, in advance of the actual commencement of the work to permit the Grantee to make any additions, alterations, or repairs to its facilities.

#### **EXTENSION OF COMPANY FACILITIES**

Upon receipt and acceptance of a valid application for service, Grantee shall, subject to its own economic feasibility criteria, make reasonable extensions of its distribution facilities to serve customers located within the current or future corporate limits of Grantor.

#### **RELOCATION OF COMPANY FACILITIES**

If Grantor elects to change the grade of or otherwise alter any street, alley, avenue, bridge, public right-of-way or public place for a public purpose, Grantee, upon reasonable notice from Grantor, shall remove and relocate its facilities or equipment situated in the public rights-of-way, if such removal is necessary to prevent interference and not merely for the convenience of the Grantor, at the cost and expense of Grantee. If Grantor orders or requests Grantee to relocate its facilities or equipment for the primary benefit of a commercial or private project, or as a result of the initial request of a commercial or private developer or other non-public entity, and such removal is necessary to prevent interference and not merely for the convenience of the Grantor or other right-of-way user, Grantee shall receive payment for the cost of such relocation as a precondition to relocating its facilities or equipment. Grantor shall consider reasonable alternatives in designing its public works projects so as not arbitrarily to cause Grantee unreasonable additional expense in exercising its authority under this section. Grantor shall also provide a reasonable alternative location for Grantee's facilities. Grantor shall give Grantee written notice of vacating of a public right-of-way. Vacating of a public right-of-way shall not deprive the Grantee of its right to operate and maintain existing facilities, until the reasonable cost of relocating the same are first paid to the Grantee.

Any person or corporation desiring to move a building or other structure along, or to make any unusual use of any street, alley, avenue, bridge, public right-of-way or public place which shall interfere with the facilities or equipment of the Grantee, shall first give notice to the Grantor and the Grantee and pay a sum sufficient to cover the expense and damage incident to the moving of Grantee's facilities and equipment.

#### **FRANCHISE FEE**

**Form.** During the term of the franchise hereby granted, and in addition to permit fees being imposed or that the City has a right to impose, the City may charge the Company a franchise fee. The fee may be (i) a percentage of gross revenues received by the Company for its operations within the City, or (ii) a flat fee per customer based on metered service to retail customers within the City or on some other similar basis, or (iii) a fee based on units of energy delivered to any class of retail customers within the corporate limits of the City. The method of imposing the franchise fee, the percentage of revenue rate, or the flat rate based on metered service may differ for each customer class or combine the methods described in (i) – (iii) above in assessing the fee. The City shall seek to use a formula that provides a stable and predictable amount of fees, without placing the Company

at a competitive disadvantage. If the Company claims that the City's required fee formula is discriminatory or otherwise places the Company at a competitive disadvantage, the Company shall provide a formula that will produce a substantially similar fee amount to the City and reimburse the City's reasonable fees and costs in reviewing and implementing the formula. The City will attempt to accommodate the Company but is under no franchise obligation to adopt the Company-proposed franchise fee formula and each review will not delay the implementation of the City-imposed fee.

**Separate Ordinance.** The franchise fee shall be imposed by separate ordinance duly adopted by the City Council, which ordinance shall not be adopted until at least thirty (30) days after written notice enclosing such proposed ordinance has been served upon the Company. The fee shall become effective ten (10) days after written notice enclosing such adopted ordinance has been served upon the Company by certified mail.

**Condition of Fee.** The separate ordinance imposing the fee shall not be effective against the Company unless it lawfully imposes a fee of the same or substantially similar amount on the sale of gas energy within the City by any other gas energy supplier, provided that, as to such supplier, the City has the authority or contractual right to require a franchise fee or similar fee through a previously agreed upon franchise.

**Collection of Fee.** The franchise fee shall be payable not less than quarterly during complete billing months of the period for which payment is to be made. The franchise fee formula may be changed from time to time, however, the change shall meet the same notice requirements and the fee may not be changed more often than annually. Such fee shall not exceed any amount that the Company may legally charge to its customers prior to payment to the City. Such fee is subject to subsequent reductions to account for uncollectibles and customer refunds incurred by the Company. The Company agrees to make available for inspection by the City at reasonable times all records necessary to audit the Company's determination of the franchise fee payments.

**Continuation of Franchise Fee.** If this franchise expires and the City and the Company are unable to agree upon terms of a new franchise, the franchise fee, if any being imposed by the City at the time this franchise expires, will remain in effect until a new franchise is agreed upon.

#### **CONFIDENTIAL INFORMATION**

Grantor acknowledges that certain information it might request pursuant to this franchise may be of a proprietary and confidential nature. If Grantee requests that any information provided by Grantee to Grantor be kept confidential due to such proprietary or commercial value, Grantor and its employees, agents, and representatives shall maintain the confidentiality of that information, to the extent allowed by law. If Grantor is requested or required by legal or administrative process to disclose any such confidential information, Grantor shall promptly notify Grantee of such request or requirement so that Grantee may seek an appropriate protective order or other relief. Grantor shall use all reasonable efforts to ensure that the confidentiality of Grantee's confidential information is maintained.

If the Company is required to indemnify and defend, it will thereafter have control of such litigation, but the Company may not settle such

litigation without the consent of the City, which consent shall not be unreasonably withheld. This section is not, as to third parties, a waiver of any defense or immunity otherwise available to the City. The Company, in defending any action on behalf of the City, shall be entitled to assert in any action every defense or immunity that the City could assert on its own behalf. This franchise agreement shall not be interpreted to constitute a waiver by the City of any of its defenses of immunity or limitations on liability under Minnesota Statutes, Chapter 466.

If the dispute is not resolved within 30 days of the written notice, the parties may jointly select a mediator to facilitate further discussion. The parties will equally share the fees and expenses of this mediator.
