

NO-COST RADON AND NITRATE TESTING

**Wednesday, April 8, 2026
12:00 to 3:00 PM**

**Fillmore County Public Health
Upper Level – Room 236
902 Houston Street NW
Preston, MN 55965**

- Radon gas is found in homes and is known to cause lung cancer.
- No-cost and easy-to-use radon testing kits will be available at this event.

- To test for nitrates, bring one cup of unfiltered or filtered well water in a clean container to this event. Results available in minutes.
- Other well testing options will be available at this event.
